

Day 1- Overview of Peripheral Devices

1.Create a table listing 3 types of printers, 2 types of scanners, and 2 types of webcams, and for each, write one real-life use case (for example: 'Inkjet printer – printing college assignments').

Device	Use Case
Impact Printers	multi-part carbon forms
Dot-Matrix Printers	carbon-copy invoices , shipping and bank receipts
Ink-jet Printers	printing college assignments
Drum Scanner	high quality application
Handheld Scanner	Scan Mrp in Mall
USB Webcam	Attending online classes or video meetings
Laptop/Webcam Camera	Video calling and online interviews

2. Draw a labeled diagram showing how a typical home printer connects to a laptop or PC, including the connection interface used

3. List three different connection interfaces (such as USB, Wi-Fi, Bluetooth) used by peripherals like printers, scanners, and webcams, and for each, name one advantage and one disadvantage.

Connection Interface	Advantage	Disadvantage
USB	Fast and Realible connection via a usb cable	Rquire a physical cable and usb port support device
Wi-Fi	Allows wireless network and connect multiple peripherals devices	Can be affect by network Problems
Bluetooth	Wireless and convenient for short-range connections without cables.	Shorter range and generally slower than USB.

4 Pick any one device you use at home or college (printer, scanner, or webcam). Write step-by-step instructions for how you would connect it to your computer, including what cable or wireless method you would use and any setup steps required.

So we Gonna connect Printer at Home

Step 1: Printer Software

Download the printer software so our printer is hp so we gonna install the Hp printer software

Step 2 : Connect printer via usb cable

Connect our Printer with pc. Using the USB Type-B — square-shaped to USB Type-A — rectangular(USB printer cable)

Step 3:Install the Driver

Follow instructions by software and select printer name and model to allow software for a setup

Step 4 : Check Printer

Cheking the printer is connected to pc or not and its show perfectly or not.

Step 5 : Print Test Page

Open pdf and tap ctrl p and try to print page select the printer.
